

## O Cross of Love

Text and music: "Les Messagères de Notre-Dame".

### Refrain:

O Cross of Love  
O Cross of Jesus Christ,  
Protect us all,  
Enlighten up our night.  
O Cross of Love  
O Cross of Jesus Christ,  
Protect us all  
Illuminate our lives.

1. Reaching towards Heaven  
To show me where I come from,  
You are God's chosen Hand  
Revealing how to attain  
Real happiness,  
That's given through the Cross  
So I can rest  
In ardent faith and trust.  
(Refrain)

2. O splendor in the night  
Starlight shining in the sky  
I'm guided by your light  
To God's Heart so very nigh.  
O Cross of Love  
When I am in the night  
Help from above  
Oh! make my hope shine bright.  
(Refrain)

3. In shadow of the Cross  
Faithful Mother Mary stays.  
Just like at Golgotha,  
How so lovingly She prays  
For Her children  
Who have denied the Cross  
For Her children  
Whose faith they now have lost.  
(Refrain)

### Spoken:

And whereas the world  
Sinks ever deeper into darkness,  
God's spreads upon the earth  
The Light of the Cross,  
The Light of His Heart.
